Casavant Frères Ltée.

Opus 3984, 1991

This beautiful instrument fills the church at Crane Road. It has a gorgeous combination of sounds from the rich, warm strings to the light and airy flutes to the principal chorus and trumpet.

The instrument is maintained by the fine technicians of Ericksen, Christian and Associates in Glen Ellyn, Illinois.

It is featured in the Organ Historical Society's Pipe Organ Database.

The instrument is unaltered from its original condition. It's a traditional style console with roll top. The organ contains 2 manuals (keyboards), 3 divisions, 25 stops (sounds), 28 ranks and 20 registers. There are 1516 pipes. The manuals contain 61 notes and the pedalboard contains 32. The pedalboard is an AGO standard (concave radiating) pedalboard.

Organ specifications are below.

- Electro-pneumatic chests
- Tilting/Rocking tablets above top manual
- Balanced swell shoes/pedals, standard AGO placement
- Crescendo Pedal
- Reversible full organ/tutti toe stud
- Combination action thumb pistons
- Combination action toe studs
- Coupler reversible thumb pistons
- Coupler reversible toe studs
